

2012 Vehicle Technologies Market Report

On March 1, Stacy Davis and Susan Diegel released the website for the *2012 Vehicle Technologies Market Report* <http://cta.ornl.gov/vtmarketreport/index.shtml>. The report details the major trends in U.S. light-duty vehicle and medium/heavy truck markets and contains many color graphics. On the website, the report is not only available in pdf format, but the data behind the graphics are accessible in Excel format.
